HANDBOOK

LEGEND

In the wee hours of the morning, at the crack of dawn, when some puppies are crawling into bed, and some out, it's said that a magical doe can be found on the veranda. Fresh coffee in her paws the pharaoh hound basks in the sunrise, taking in the sites, sounds, and smells of the morning before she begins her day. Join her, and she may pour you a cup of joy as well.

Welcome Campers!

1Camp 2023 Group Photo – by pup VEX

On behalf of Wruffin’It Adventures Group, we’d like to welcome you to your 6th annual Camp Wruffin’It!

We’re super hyped to see everyone again this year and we can’t wait to spend another great week with you.

We’re often told that there’s nothing quite like Wruffin’It. Our culture of being so welcoming, inclusive, and empowering in our community has become a hallmark of what we’ve all built. The biggest thrill is when we see people bring a friend the following year. We’re glad you’re apart of this, new or returning, we hope to make you a Camper for life.

Since 2017 we’ve been working hard at building and growing the pet play Alberta community through Camp. Now in our first year as an incorporated entity, we gotta say, it’s been a bit of an adjustment. It’s changed how we think, made us more considerate, more thorough, more deliberate. We’ve also had some major staffing and leadership changes, so *bear with us as we work in the kinks*.

This year, as with every other, we’ve gone through your feedback and made changes to ensure things are funner and cuddlier. We hope you agree. Your feedback surveys have a strong influence year to year, thank you.

We’re honoured to accept support from Weredog for another year. Those lovely folks across the pond have stepped up their support and are enabling some cool projects (some of which you’ll see next year). You’ll notice two well appointed themed rooms in the lodge (something they plan to do annually), plus a Weredog toy auction at the start of this Camp. They’ve asked us not to make a big deal about it, but you might notice their paw prints here and there. Thank you so much WereDaddy! Your support and confidence all year have meant the world.

From the beginning this is something we set out to build for our families, and friends to enjoy. We’re honoured you’ve come to play with us and to be included among them. For those of you attending your first Wruffin’It, welcome! For those of you returning, thank you so much for your ongoing support and loyalty, we couldn’t do this without you. We see you and are thrilled you’ve come back to play with us.

Thank you,

The Pod
PapaWuff Ixby, Camp Director
Papa Bear Bear, Quartermaster

What is Wruffin'It?

Founded in 2017 by members of Alberta's Pet Play community, Wruffin'It is a level 5 pet play summer Camp. Our mission is to promote pet play in Alberta through events and education. We do that through several initiatives such as Camp, but also in supporting local pup and furry artists and businesses, running pet play education panels and moshes at Alberta's fur cons, and supporting pet play groups locally and globally. We have a few initiatives up our sleeves for next year too, it's exciting times!

If you're new here, and half of you are, this might be a bit jarring at first. *Don't feel pressured to join in right away*, but know that you're absolutely welcome to. Feel free to observe, ask questions, and respectfully explore. We're all here to learn and grow together. We encourage Campers to dive right in. You'll notice a pacing and rhythm to Camp that is designed to bring us all a little bit closer. This to help accelerate bonding so that you can make the most of Camp as quickly as possible. What we do requires a lot of trust, and we want to help you build that as soon as possible. The pacing eases as the weekend goes on, so take a breath, and enjoy the ride.

If you've signed up as a Newbi, we'll do our best to pair you with an Alumni. Your Camper buddy has volunteered to show you the ropes, answer questions, and help you share the experience. If you have any questions or issues at all, feel free to reach out to a staff member and we'll work to address issues as best we can.

Wruffin'It is a volunteer driven Camp – we all pitch in here. Please make sure you arrive promptly for your scheduled volunteer shifts to help the Camp run smoothly. These are great opportunities to serve your community and meet your fellow Campers. Working together leads to playing together.

Our Weekend Home

We're very lucky to have such a wonderful and supportive venue to host Camp at. Our hosts Randy and Marcel took a chance on us early on and have gone above and beyond in offering their excellent hospitality and site for us to transform. More than event partners, we consider them loved friends. If you're new to Lazy M, you're going to love it here. Please note that this site is also the home of our hosts and their staff. Treat it with the respect and honour it deserves so that we may come back year after year.

Lazy M offers potable ground water, treated and tested on-site, and monitored by the county. If you're not used to soft water, it may taste and feel a little weird on your skin, but we promise it's perfectly safe. We'll be offering bottled water at our watering stations for those who prefer city water.

WiFi is available on site, but only in the lodge. It's slow, but it works. Cell reception is hit and miss, sometimes data speeds are better than the wifi, sometimes it goes on vacation as well. Campers in the Rabbit pit may be willing to let you use their Starlink service if you ask nicely.

The site is fully powered and has sanitation. There's a shower in the field and attached to the cauldron, please use those to rinse off any messes before heading indoors.

Location: **Lazy M Lodge** [53021 Township Road 372, Caroline Alberta](#)

Camp opens August 08, 2024 @ 14:00 – **no early admittance.**

Camp closes August 12, 2024 @ 12:00 – **Campers must be off the grounds by noon.**

Staff & Volunteers

One of the features of Wruffin' It is getting to learn new ways to experience BDSM and Kink, and we try to bring you a diverse selection of perspectives to experience year after year.

We'd like to thank **Pup Orion Star** and his **Sir** for making the trek up from California and will be diving deep into the intersectionality of race, disability, and healing in a kinky context.

We'd also like to give a shoutout to our home-grown Shark, Mr. Hotel himself, **Koki**! He'll be hosting a rope work demo this weekend. We hope you all pop in to take it in, he's been working on developing his skills the last year and it will be quite the treat.

2 Pup Star Orion nestled between the legs of his Sir, who's holding an axe on his shoulders

Shoutout to **Bucket the Clown Pup** for his amazing artwork contributions to Camp AGAIN this year You'll notice his paw prints on all the signage around camp. You can find him along with a few other puppies at this year's art market, and hosting *Paint-A-Pet*.

Volunteers

We'd also like to thank our volunteers, volunteering at camp keeps it affordable and accessible. You've all signed up to volunteer at least an hour, and many of you will do more – for those who don't get a chance, we're sorry, we'll try to find more work for you next year!

We'd like to especially acknowledge the residents of the Rabbit Pit give so much logistical and practical support to the camp, thank you *LucifurFox*, *Rifka*, and *Dum Dog Desert*. The Pod is getting better at delegating, mostly, but we're learning what makes sense for us to do and what doesn't. Thank you for all again for your help, it keeps the job light and fun.

Camp 2024 Staff

- **Papa Bear** as always is our Quarter master. He's responsible for building, fixing, and getting things to camp. This bear literally does the heavy lifting and provides all the added infrastructure we bring
- **PapaWuff** is our Camp Director. He handles the business, customer support, and quashing of fires
- **Pup Toy** (Willow) will be your Mistress of Ceremonies, official Camp Photographer, and AuctionDeer
- **Pup Rath** will remain our registration lead this year, he demands tributes of food upon check in, he's also an omega and really, should they not be for his Alpha? Anyway, he'll also be your Volunteer Coordinator this year. We've reduced the workloads this year, so your shifts should be easy peasy McSqueezey.
- **Pup Soxx** is shadowing the POD and taking the lead in the rebranded *Canine Kitchen* with the help of **Pup Zeth**. The noms will be legendary, these puppies can deliver a mean dish.
- **Pup Brenin** is our Lead Medic, supported by **Pup Link** and **Issac Pony**. They are verified trained current and former health care professionals, please respect the limitations on the care they can offer.
- **Voodoo** unfortunately will not be able to make it to Camp this year for health reasons. She sends her regrets and **love**. Please respect her privacy around the details and don't ask questions. We will be setting up the *Voodoo Lounge* in the Lodge sunroom per usual and bringing her in via video conference for a few hours Friday and Sunday so she can slather us in that warm southern charm and see everyone.

Dungeon Culture

Camp Wruffin'It exists entirely within a BDSM dungeon. What this means is that the entire Camp space operates under dungeon rules, which are posted in the dungeon space in The Gathering Centre. In short, **consent and respect are prime in everything we do**. It's better to ask than assume, defer to reasonable authority, and express gratitude to all whenever possible.

You are free to dress pretty much how you wish, or not get dressed at all. You may witness or partake in open sex acts with other Campers at your discretion nearly anywhere on the grounds provided informed, ongoing consent has been obtained and remains. Periodic check-ins with play partners are a sign of care and attention.

Wruffin'It *insists* that Campers utilize the traffic light system of Safe words while in our space. Regardless of whatever arrangements you may have with playmates outside of Camp, we *insist* that Campers respect "Stop" and "Red" as immediate revocations of consent. If Campers are engaged in activity where "Stop" or "Red" are not being respected, Campers or staff may intervene and discuss the situation with both sides separately and proceed in-line with our response procedures. If you see something concerning, speak to staff or the campers.

While consent may be given legally while intoxicated in Canada, here, consent should be negotiated while sober, be ongoing, enthusiastic, clear, informed, and revocable. These rules work to keep us safe, and power balanced.

Arriving to Camp

Upon arrival you will be greeted by our Reg Desk team, we're told treats are appreciated. Before being allowed onto the grounds all Campers must present valid ID, sign our waiver which you can find at the end of this booklet – do not print it off, one will be provided for you. You'll complete orientation (1st timers only) and receive your welcome package that contains your badge and goodies. At that point you'll be allowed onto the grounds to unpack, park your vehicle, and setup your lodgings.

The registration desk runs from 2pm – 8pm on Thursday. If you arrive after that period seek out a staff member indicated by a green border on their badge. It's expected that campers always wear their badges publicly.

Parking

Parking is located on the eastern fence line. During Camp vehicle access will be restricted. The parking lot at the lodge is designated Staff Only. Temporary loading and unloading in the staff lot is permitted. Otherwise, please park on the hill and set your parking brake.

Please note that at 9pm on Thursday the gates to Lazy M will be secured. Re-entering the grounds needs to be coordinated with Lazy M staff and is solely at their discretion and availability.

Lodging

Campers staying in the lodge are assigned a theme room which will be revealed to you at the reg desk. Themed goodies in the room and the room signage are yours encouraged to be taken home.

Some lodge guests have private bathrooms. The second-floor bathroom is restricted to lodge guests only. **Penetrative sex inside the lodge is confined to private rooms only, and nothing at the table.** Everything else must be hygienic, and respectful of the place, people, and setting in which they occur.

Rabbit Pit (RVs)

RV's will be arranged in the RV pit at the direction of Papa Bear as indicated on the map. There is a septic dump for only portable holding tanks. RVers are asked not to run generators, but if necessary to limit it to battery recharging and be respectful of the noise impact on the activities around the area. Wruffin'It takes efforts to preserving the dark sky experience for star gazing and may take steps altering lighting to accommodate. The night skies are stunning out here, lets share them.

Members of the Rabbit Pit offer use of their satellite internet systems by request. Thanks doggos!

Badges

The colour of the bone on your badge indicates which meal plan you're on and contains your registration number. The border colour indicates to everyone else what your role at Camp is, and the badge contains your name and pronouns, make sure you're always wearing it, or you may be intercepted by staff and sent to get it.

Canine Kitchen

We really hope you enjoy the food program at Wruffin'It. We've stepped things up a bit this year. If you've disclosed food allergies and preferences in your registration, accommodations and alternatives have been made ready for you. Please note that this menu is subject to changes.

The Handler's Honour Dinner is a space where we encourage Campers to honour the Doms, Alphas, Handlers, and other leaders in their lives. It's a chance to say a toast, present a token of appreciation, or just vibe in mutual gratitude for the effort those who lead us give us.

Camp branded tableware is free for anyone to use, there is enough for everyone. Please return to the cleaning crew after use. The cleaning crew will not wash your personal tableware.

Do not dispose of tableware items, do not pilfer, they are made of wheat straw - do not eat them. Tableware is not for yiffing, riffing, or miffing and may not be held for ransom, lease, or used for harassment or terrorism.

⚠️ Cross contamination is a concern for some of our Campers. ⚠️ **It is critical that you do not mix serving utensils between dishes.** Be diligent. Mistakes can make Campers sick for days, severely harm them, and ruin their experience. If a serving utensil has gone missing or been mixed up, please let the Kitchen staff know. Be careful with crumbs and spillage in the food serving areas.

There is limited fridge space available on the grounds for you to store medication and perishables on a first come first serve basis. Priority will be given to those with temperature sensitive medications.

Glass containers are not permitted in public spaces, it's a safety around nude puppies thing.

Food area/Cooler storage – The food area/cooler storage is where we ask that you store all your food, do all your food prep and wash dishes. This is so that we don't get nosy bears or armies of ants wandering into Camp looking for a snack. Cooking can be done here as well. There is a BBQ and a three-burner propane Camp stove that is free to use. The sink for washing dishes is under the deck. Ice blocks are in the chest freezer in the cooler room which is open 24 hrs. Priority is to be given to Canine Kitchen Staff and Volunteers preparing community meals.

What is...

Campfire Stories? Our trainer of the year graces us with **stories by the fire light**. Either their own, by ones WAG provides, or a mix! Come cozy up and stir your imagination!

Ask An Alpha? Our ice breaker event. This is a **safe space to ask any questions** related to Camp, WAG, Kink, BDSM, Pup Play, you name it. It's more of a mastermind circle than a lecture. Grab a drink, pop-by and chat

Art Market? We love to celebrate our artists and creators and they work hard to bring you their fanciest of puppy play goods (and others). Stop by and **shop their wares and support your fellow puppy creatives**. Artists table for free but are asked to donate to something to the end of Camp auction

Ice Cream Social? CanadianK9 remarked last year that he could stay locked in chastity until Camp. PapaWuff bet him he couldn't. The deal is, if he makes it, he gets \$100 in Camp cash, and PapaWuff would throw an **ice cream party for the entire Camp**. If anyone were to catch him out of chastity, he must have vanilla ice cream while everyone else gets flavoury goodness. Oh, and he must be locked in the dog cage the entire social. Well, he made it 90 days, a noble effort, but punishable by imprisonment. Enjoy the treat!

BDSM Roles & Terms? For those who are newer to BDSM, Kink, and Leather—this talk is a **comprehensive starter to understanding the intricacies of roles and terminology that define this vibrant community**. We will discuss how geographic location, historical context, and culture have influenced the lexicon of power, honorifics, labels, and identity of the past and present. Through this context, class participants will identify the terms that resonate with them to utilize and guide their journey into finding a place in this expansive community.

Who Wants To Be A Good Puppy? Debuted at Fur-Eh!, **this blend of Who Wants to a Millionaire and last year's Shock Collar Trivia**, comes a game show with some pretty killer prizes, for those who can make it to the end. Audience participation is encouraged, the questions were written by Papa Bear, think you can beat it? I'm not so sure. Bzz Bzz!

Deep Penetration Primer? Brought to us by Lucifur Fox, this talk will **go deep into the ins and outs, preparations and pitfalls of preparing** for everybody's favourite cave sport, their own tail!

Were.Dog Toy Auction? After last year's frustrating journey of dicks by UPS who figured Calgary Scotland was a great place to send their shipment, Were Dog has generously renewed their commitment to WAG and set us a **BUTT LOAD of swag, stuffables, and insertables for auction**. Hosted by Pup Toy, our doe-y darling will try to drain your wallet as she helps you stock up on poundable pleasures. Hosted in its own time slot in preparation for the next day's toy party (Soxx wants to stuff you full of fibre first) be prepared to marvel and splurge. Proceeds go to PAW Pass, operations, and furry event budgets.

Naptime Dungeon Rave? **A rave in the dungeon of course!** Hosted by our very own Pups Kilo & Kuba. There is a chance they may not be able to join us this year however, if so, well, NAP TIME! Chill out and party with a pup, see you tomorrow.

Voodoo Lounge? A treat hosted by our own lounge snep Voodoo. This southern **goddess will cuddle you, feed you treats, give you pets and tell you how good a pet you really are!** Due to health concerns, Voodoo can't meet us in person this year, so we'll be bringing her to Camp via the magic of video conferencing. We ask Campers to stay off the lodge WiFi during these periods.

Putting Your Paws to Work: Pet Play with a Purpose? We will discuss what it takes to **create and maintain an enriching, purposeful, service-oriented experience** in the context of pet play. This class defines service and how it lends itself to pet play by including disability accommodations in said play and service. This class also navigates how dynamics can be created, maintained, and nurtured from both sides of the slash. “Service in Pet Play” transforms it into a new realm of purpose and connection. For the new and the seasoned community member.

Paint-a-pet? An annual favourite, guided by our Camp Artist Bucket the Clown Pup, **body paints and latex** (Thank you Rifka and Desert!) are available for you to get all marked up and express your inner animal! **Stay out of the lodge once painted, make sure you’re dry before you go indoors, and use the field shower only to clean off before heading in for the real deal.** We’ve ruined Randy’s sheets once, let’s not do that again. Feel free to ask Bucket for tips and advice, but don’t expect him to do all the work, bring a partner, he’s doing this on his lunch break after all.

Fox & Hound Chicken Run? This field game designed by Papa Bear is a sure to be a hoot. Think of it **like capture the flag, but with a hilarious twist.** I’ve already said too much. *Giggles uncontrollably*

Camp Group Photo? Our annual, let’s **stand in a group and smile for the internet photo!** Timing is tight, so be on time. Dress up in all your gear, or come muddy, or in your paint, but show up! Stand inside the pylons and it’ll you’ll be a work of art before you know it.

Chronically Kinky? Sexual ableism runs deep in our culture, and it’s no surprise that it shows up within the Leather/kink community. How can we recognize it, challenge it, and pave the way for a more inclusive and empowering space? Join us as we talk about the instructor’s personal experience navigating physical disability and neurodivergence in the kink community as a participant and a community organizer.

From finding partners, engaging in dynamics, attending events, and experiencing play—**navigating the subtle and not-so-subtle signs of ableism both within yourself and in the wider kink world** requires vigilance and understanding to defy assumptions about one’s ability to fully engage in the world of kink. This space is designed to uplift and empower disabled players. Non-disabled players, your role is to listen, learn, and ask intentional and respectful questions all within the framework of centering disability.

Toy Party? Do you like *silicone sculptures*? Would you like to show off your collection? See your friends? Following on last year’s display by Luci, we encourage you to come see, share your experiences, and **go for a ride in a safe communal space.** Hygiene and sterilization products on site. You are not required to share your toys, but you are encouraged to ride your masterpieces to pieces!

Late Nite Movies? Netflix and chill anyone? Cozy up for the movie. Lewdness allowed, just don’t be the center of attention, that’s what the screen is for.

Sexual Healing in Kink: Transforming Taboos? Unlock the extraordinary power **of kink as a catalyst for healing and transformation.** Kink can offer sanctuary for exploring, confronting, and reframing even the most profound and taboo subjects. By exploring negotiation, the importance of aftercare, and the ability to safe word out you and your play partners can create safer parameters within the context of play. Through healing, liberation, and transformation this class will create a dialogue about how taboos are redefined. It is important to note, that while kink can be therapeutic, it is not a substitute for therapy.

Knotty & Tied with Koki? Join Koki as he shares with us his adventures in rope. New to the art, he's learned fast and will lead a discussion, demonstration, and Q&A, because PapaWuff asked him to. Come join this creative young pup as **he shows us his take on the bondage arts**. Bow WOW

Padded Puppin' Pit Stop? Are you a padded pup? Little? ABDL? Diaper Disaster? Come poof and **snoof with your fellow sogsters in this safe space**. Curious about the fetish? Have questions? This is a great space to learn. Piddle on Puppies!

Health & Safety

There are outdoor hydration stations located throughout the Camp site, so **bring your water bottle!** Sunscreen and bug spray will be placed throughout Camp. If you've forgotten yours, use ours. If you need medical attention, please have someone contact a medic or staff member for you. Periodically check each other for ticks, especially if having been in long grasses or along the paths.

Tenting

Those tenting are expected to bring all the necessary gear for their comfort. You may not cook at your tenting site, nor store food in your tents. **We are in bear country and all food stuff must be stored in the storage area of The Gathering Centre.**

Tenting areas are indicated on the map and are broken into three areas:

1. The Quiet Zone by the garage has access to outlets for those who have CPAPs. Campers in this area are asked to keep their noise levels down around 11pm for those who like to retire earlier.
2. The Grove may also be used for CPAP users if long enough extension cords are available. This area is just north of the Residence/Office and open to all. Watch out for power cabling on the ground.
3. The Party Camp is located on the north and south sides of the hay shed. This is a more active area close to the hay shed and a

firepit and tends to attract more of a late-night crowd.

All Campers are welcome to use all bathrooms and showers in The Gathering Centre, the portables in the field and showers in the main floor of the Lodge. Shower Brooms are for scrubbing the floors after your shower, please use.

Emergency Procedures

In an emergency, you will hear a siren from the bull horns and instructions on where to go.

Make sure those around you are aware there's an emergency and are moving to a muster point.

- Follow instructions and make your way to the designated muster point as quickly as possible.
- Do not try to go to your tents or rooms to retrieve personal items.
- If you see a fellow Camper who is injured or unable to make their way to the muster points, please inform staff when you arrive.
- **Do not open or explore the yellow emergency kit bags.**
- Health and Safety staff have developed response procedures anticipating multiple types of scenarios,

In most cases, in an emergency, head to muster point 1 unless otherwise directed. Muster points are located:

1. At the Flagpole along the east fence line

2. At the shelter in place points
 - a. inside the lodge,
 - b. In Camp Ops, the second floor of The Gathering Centre

In the event of an emergency take the following steps:

1. Notice the event, speak it out loud until another Camper hears you.
 - a. For Example, yelling 'Medic!' 'Fire!' or 'Help!'
2. Notify people around the scene prior to leaving it.
3. Seek out or send someone to seek out a staff member.
4. Notify any around the scene that staff are on the way, remove yourself and others from hazards if safe – if unsure, remove yourself only.
5. Be available for debrief at the end of the emergency.

If directed by staff to assist, you have the right to refuse if you do not feel comfortable. Decline politely and ask if you can go find more people to help. If directed by staff to leave an area, you must do so immediately and safely even if you do not understand why.

PaH Patrol

The Pah Patrol are volunteers that will be walking the grounds, identifiable by their reflective vests.

PaH Patrol will also periodically patrol the forest paths and call out "PaH Patrol!" at the four corners of the forest. If you need assistance, yell back.

They will be picking up discarded/ lost items, checking on the various amenities and discarding any food/drinks that has been abandoned or left out.

If you are missing an item after midnight, chances are that it is in the lost and found located in Camp Operations on the second floor of the Gathering Centre – permission is required to enter.

To avoid having any of your stuff ending up in lost and found or the garbage please ensure all your belongings are stored in your tent/room/RV and your food/drinks are in the cooler room before midnight.

Recreational Substance Use

- Be respectful in your behaviour.
- No glass drinking containers on the grounds
- If you can buy it legally in Alberta, you can consume it on grounds. That simple.

If consuming tobacco via combustion, do so along The Gathering Centre wall facing the marsh. **You may not smoke around the Campfires or while wandering through the grounds.** We understand this may be a hassle for some, but this is to respect the health and comfort of our fellow Campers, many of whom deal with asthma.

Vaping on the grounds follows provincial regulations, not within 10 meters or 33 feet of any door, vent, or building opening. Do so respectfully with the consent of those around you. Don't force people to inhale your exhaust, your rights to consume don't trump others peaceful enjoyment. Respect requests to relocate or cease.

Gathering Centre

The gathering center is located on the northern side of the property near the wetlands. This area is the hub of Camp and where Wruffin'It meals are made and eaten. It's where the Trainer's dinner is held and where some panels take place. It is also where the dungeon and two of the bathrooms are located. The Gathering center is open 24 hrs. Please bring your butt blanket to sit on the furniture.

Camp ops is in the Gathering Center on the second floor. You can get extra condoms and lube here as well. If you need anything from Camp Ops find Papa Bear, PapaWuff, Pup Toy or Pup Rath.

Camp Store

The Camp store sells items like douche bulbs, towels, toothbrushes, Camp branded swag like pins, Gatorade, pop, and other items you may have forgotten behind. You may pay via cash, tap, debit, or credit as you see fit. Wruffin'It also accepts all the branded tap to pay systems. Purchases are being trialed on the honour system this year.

Fire Pits

There are two fire pits for use. One is on the east side of the Gathering Center near the Hayshed and the other is on the west side near the Quite Camp area.

Campfires, if conditions allow, are maintained by our Campfire warden. **Please seek out Pup Maxell if you wish to start or quash a Campfire or have any issues with them**, he is ultimately responsible for them. Fire suppression equipment is placed close to all Campfires, please do not relocate or play with it.

Hay Shed

The Hayshed is in the center of Camp where the hammocks and some of the learning panels take place. Field toys can be found here as well and are free to use whenever you like. Hammocks are on a first come first serve basis. Give priority to scheduled activities and use respectfully.

Forest Finds

Forest finds are outdoor play areas that are unmonitored and away from the high traffic Camp areas. They are perfect for that romantic

rendezvous or to create social media content. We won't say anymore about that. It's an adventure. **Please clean up our equipment after playing.**

Hygiene

Hey Musky Puppy! We love you and are glad you're here. Keep a nose on your scents, if you're bordering on offensive, staff may ask you to go wash and tone it down.

Those who are padded are asked to keep their padding covered when not in dl spaces/panels, and no messing. We recognize that padded pups are a growing trend, and we'd also like to acknowledge that several people have triggers surrounding the whole motif. We will leave it to Campers to respectfully self advocate as needed.

Campers are also required to use a towel or such when sitting on indoor furniture, the Camp store has a selection of butt towels for sale if you wish.

Hydrant Hounds Spray Park

The Hydrant Hounds Spray Park is located behind the Cauldron and is considered an extreme fetish area. If you are triggered by Watersports play do not enter this area. Please use hose and spray wand to clean area after usage.

The mutt mister is located just off the eastern corner of Gathering center and can be use 24hrs. Pull gently on the chain.

Camp Cauldron

The Caldron is located just behind the Mutt Mister in the big tent and can be used 24hrs. Rinse before and after entering for best hygiene. **Do not soap up in the shower before getting into the hot tubs.** If you need to wash down, do so, then return in 15 minutes to rinse off again.

The cauldron can accommodate up to 12 pups (if you hold your breath). The water temperatures may vary throughout the day, but we ask that you do not play with the propane or pump. *The cauldron is left cool during the day* so feel free to take a dip to cool down. We begin heating it at dinner for evening use. If there is a problem or you would like the water hotter, please find Papa Bear.

Lodge Hot Tub

This hot tub is located outside the lodge on the south side of and is available to everyone. Please take a rinsing shower before entering and do not overflow the hot tub. 5 people max, cover when not in use. If at any time water begins spilling over the edge, there are too many people. **If the water falls below the intake points (you'll hear it), fill it up or seek out a staff member or a member of the venue team to refill it.**

Lazy M provides towels to lodge guests – if you're not staying in the lodge, we suggest you bring your own. Avoid grey or brown towels, if possible, as Lazy M's towels are mostly grey, with some brown variations.

Bridge and Creek

The Bridge and Creek are accessible down the western trail head through Quiet Camp or down the stairway behind the house. The creek is a popular fishing area so if you want to go swimming, we advise using the magnetic wands to clear the area of fishhooks and to wear footwear in the water. Fishing is catch and release and requires a provincial licence. **Do not cross on to the other side of the bridge as that is private property.**

Labyrinth

The Labyrinth is located north of the house through the trees. Please watch for power cords as the labyrinth will be fitted with black lights on the hillside for a night-

time displays. Feel free to use the labyrinth as a peaceful meditation area, or quiet play space.

Cuddle Cabin

The Cuddle Cabin is located down the southern trail and is open 24 hours. You can chill, yiff, whatever, but you may not sleep in there. Make sure you clean up and dispose of all messes. It's quiet and secluded. If it's occupied ask if it's okay to come in, respect a no if you receive one and return later. Do not dominate the space.

Media Creation & Distribution

Media Creation & Distribution at Wruffin'It is consent-based. Wruffin'It photographers wear badges marked with "PHOTO".

Green Tyvek wristbands indicate consent for photography; remove them by pulling from underneath if you don't want to be photographed. We discourage phone use for privacy but allow personal content shots.

This year we're going to try something new. In the gathering centre will be a QR code for Telegram photo group. If you take photos at Camp, only people wearing green consent wrist bands may appear in your photos and you must post them to the group and tag those people and indicate how you intend to distribute the photos. Those tagged will respond as indicated in the chat rules, and once all people have cleared those photos, you may proceed to share them. **This is an issue of consent and people's privacy and livelihoods.**

Violators will be banned from Camp, no exceptions. If you don't intend on complying, don't take the photo, the Pod has agreed to a zero-tolerance policy for violations to allow for this compromise. We want you to have fun, to express yourself, to share Camp with the world. Y'all exhibitionists, we get it, but respect consent.

The Board's Board of Boards

The Board's Board of Boards is the information nerve center for Camp Wruffin'It and is located at The Gathering Centre. Here you can check out what

Packing List Suggestions v.3

Everyone's experience and ability are different, and Camping is a learning experience between overpacking the wrong things and forgetting the right things. Use our list to help you build your own. Think it through, but pack as little as necessary. Pioneer General Store is 15 minutes away, Red Deer, 1 hour. **Bolded items are STRONGLY recommended for ALL Campers.** If you're unsure if you should bring something, send us an email, or ask a staff member.
